Sophia Girls Senior Secondary	May 2020-2021
X- Secondary 93.2%	

SKILLS

Programming Languages: HTML, CSS ,PHP,Python,C,C++
Development & Frameworks : MERN Stack,Bootstrap,React
Computer Science Fundamentals: Data Structures & Algorithms
Version Control: GitHub
Design Tools: Canva, Figma
Core Competencies: Communication, Teamwork, Patience, Persistence, Presentation Skills, Creativity

EXPERIENCE

KISTECHNOSOFTWARE	July 2024 – Aug 2024
- Gained hands-on experience in front-end and back-end web development using HTML5, CSS3, Bootstrap, Font Awesome, and PHP - Built responsive, user-friendly web pages using Bootstrap’s grid system and reusable components - Applied Font Awesome icons to enhance UI design and visual consistency - Learned to use PHP for basic server-side scripting, form handling, and dynamic content rendering - Strengthened understanding of web architecture, client-server interaction, and integrating front-end interfaces with back-end logic - Practiced debugging, improving cross-browser compatibility, and writing clean, maintainable code	

PROJECTS

Learning Management System	Aug 2024
- Built a Learning Management System (LMS) with PHP backend featuring secure sign-up/sign-in authentication for students. - Developed a personalized student dashboard displaying enrolled courses and progress information. - Integrated learning resources and content management to enhance accessibility and user engagement.	
Scholarly Student Community	Sept 2025
- Integrated Hugging Face API for AI-powered PDF interaction, allowing users to ask context-based questions from uploaded PDFs, which transformed static documents into interactive learning tools. - Implemented a community-driven Q&A system with tag-based organization, solving poor content discoverability and improving peer engagement and answer relevance. - Developed a responsive UI using React.js and Node.js backend with Express and Python microservices, ensuring seamless performance across devices and scalable architecture for future gamification and multilingual features.	

EXTRACURRICULAR & ACHIEVEMENTS

Winner – CPC Hackathon, SKIT Jaipur (2024)
Top 25 – Smart India Hackathon (College Level), 2024
